FOR IMMEDIATE RELEASE

SIGNAL PROJECT IMPROVES YOUR DRIVE ON 38

Redlands – Caltrans is pleased to announce that the re-signalization of an intersection on State Route 38 (SR-38) will make your trip a little smoother. The \$140,000 project began in early November 2006 and will be complete on Monday, December 4.

The intersection of Orange Street and SR-38 (Lugonia Avenue) has been upgraded with new signal heads, lighting and poles. Along with the improvements, wheelchair ramps have been upgraded for better access. Westbound loops (or signal detectors) have also been added to trigger the signal in a timely fashion. This will improve the flow of traffic through the intersection and on SR-38.

Motorists are advised that the signal upgrades will be monitored and adjusted over the next week or so. Your patience during this period is appreciated.

For updates on roadwork please go to our website at www.dot.ca.gov/dist8 and click on "Press Releases" or call (909) 383-4631 for information.
